OUR STORY

RAVI SAXENA
(Managing Director & Co-Founder)

Wonderchef is a leader in cookware and kitchen appliances that enable our customers to cook healthy, tasty food with convenience. German standards of quality, Italian designs & constant innovation are the hallmarks of Wonderchef. We bring warmth to every meal by creating a perfect blend of aesthetics and functionality. We are inspired by global trends to create beautiful kitchen stories that bring out the culinary artist in you! You can seamlessly explore our entire collection of Cookware, Appliances, Large Appliances, Kitchen Tools, Accessories, Bottles, Bakeware and much more!

What makes Wonderchef special - the customized recipes that are created for every unique product by none other than Chef Sanjeev Kapoor. These are shared with our consumers via beautifully crafted recipe books, social media interactions and dedicated apps.

A beautiful design stirs emotions & inspires us to achieve excellence. Our deep-rooted partnership with Italian Design Institute ensures that we infuse classical design sensibilities into every piece of our flawlessly crafted range of kitchenware.

We constantly strive to achieve a balance between the form and function – be it choice of design, material, technology or production process. This helps us curate products which impeccably transition from kitchen to the table.

Wonderchef prides itself in getting new ideas, solutions & technologies to the market. Wonderchef Royal Velvet Pans brought forth a revolution of fresh hues in non-stick cookware. Cookware has never been the same again. Wonderchef has changed the perception of cookware from black & boring to colorful & exciting. Our customers often match their cookware to the color of their kitchen cabinets, setting of their living room or the color of their curtains. Over 25 color palettes form the repertoire of Wonderchef pans.

CHEF SANJEEV KAPOOR
(Co-Founder)

Wonderchef has always leveraged innovation & technology to surprise & delight its customers. Gas Oven Tandoor makes restaurant-style Tandoori food at home and makes you a proud home-chef! Wonderchef was one of the first brands to introduce Cold Pressed Juicers, Air Fryers, Nutri-Pot, Slow Cookers, Bread Maker, Health Grills, Die-cast Cookware, Ceramic Cooker & a host of other unique appliances enabling our customers to cook healthy and tasty, with convenience. Our patented tools like Turbo Chopper enable food-prep in a jiffy, saving precious time and delivering great performance.

The Nutri-Blend Story

Homes were getting smaller, customers more pragmatic. We curated Nutri-blend, the most loved blender, mixer & grinder that makes chutneys, masalas, smoothies & juices in a jiffy! With simple functioning, compact size, precision-engineered blades and 22,000 RPM, the motor creates a tornado, quite literally in your jar, giving you a perfect result every time! It is one of our most copied products, which we are happy about – after all, plagiarism is flattery! No copy, however, comes remotely close to the quality and performance that Nutri-blend delivers.

Wonderchef products are available in over 10,000+ retail outlets across the country, all leading departmental stores, hypermarkets, specialty stores and in a growing number of Exclusive Brand Outlets. We have our own TV-shopping shows, are a leading brand in E-commerce business and also sell through a dynamic channel of over 50,000 self-employed, motivated & trained women entrepreneurs. You can easily shop for our products in your vicinity or at your fingertips! Or simply order on our website wonderchef.com.

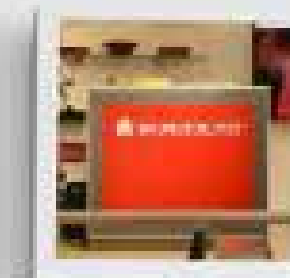

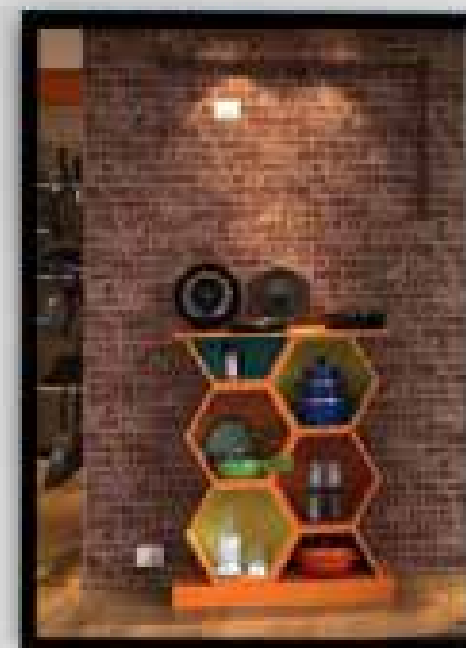

The joy of gifting!

Our products are made for making beautiful memories in the kitchen & on your dining table. Our customers love to share them as treasured gifts. Every product comes in a beautifully designed gift box. Uniqueness, attractive prices and classy designs make them the best choice for gifting. Be it a house-warming party, a birthday, a wedding or an anniversary, we have the perfect gift for every occasion. Wonderchef sets and blenders are the perfect gifts when a young couple sets.

Reliable Wonderchef Warranty

We believe that the point of purchase is only the beginning of the relationship. Our Reliable Warranty ensures that you continue to get our support long after your purchase. Have a problem – we are a phone call away. Have a question about how to care for your product – we are here to help. We pride ourselves on customer service and are always eager to hear from you.

You're sure to delight your family and friends with everything you cook & serve. Bon Appetit!

Sneak Peek!

Our Presence

Upgrading your kitchen can be confusing

“Will I really notice the difference?”

All 5 senses will know the difference in food made with Wonderchef kitchenware.

Sight

We first eat with our eyes. Our kitchenware just makes the food look that much better

Smell

Fill your entire home with the smell of slowly simmering curries on a Sunday

Taste

Sometimes you just don't understand until you taste the difference. Once you do, you will never be able to go back to your old kitchenware

Hearing

“You cook the best food in the world.”
Get used to hearing this more!

Touch

Ergonomic handles with soft-touch handles, reduce palm fatigue and offer the best comfort in the kitchen!

“Is now the right time to buy new kitchenware?”

Kitchenware used to be black & boring, but not anymore. Wonderchef has brought design & colors revolution to your kitchen. Go for it!

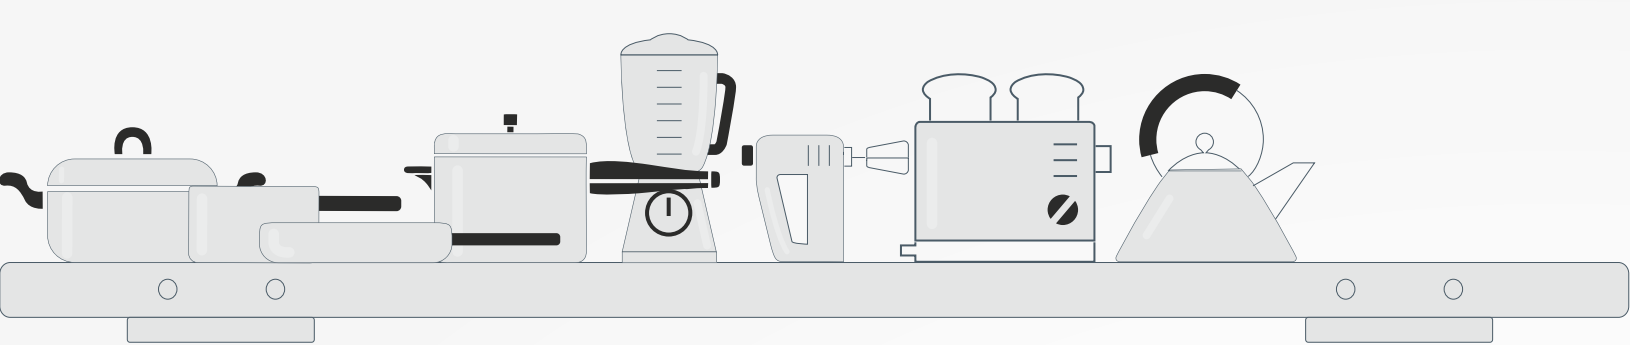

Is it difficult to take care of good kitchenware?”

People use premium cookware for one of these two reasons: it cooks better or it looks better. We’ve designed our cookware to be both!

“Cooking is about the chef and the recipe, not the tools, right?”

One quote sums it up: “Cooking is an art, but all art requires knowing something about the techniques and materials”

- Nathan Myhrvold

METATUFF Coating

META TUFF+

HEALTHY NON-STICK
PFOA, HEAVY METAL & NICKEL FREE

METATUFF PLUS is even more sturdy. It contains ferro-magnetic particles that get heated quickly, transferring heat to the food more efficiently thus saving precious fuel. They also give to the coating its unique strength and a granular feel.

Low Oil
Cooking

PFOA FREE

METATUFF coating features and certifications:

- LFGB Certified
- Abrasion resistant up to 5,000 cycles for META TUFF & 10,000 cycles for META TUFF PRO
- PFOA, PFOS, PAH free
- Better food release properties
- Specific Migration of chromium and heavy metals well within limits
- Specific Migration of primary aromatic amines well within limits
- Passed analytical tolerance of aqueous & fatty food stimulants
- Sensorial examination - odor & taste well within limits

All parameters In accordance with German Food, Articles of Daily Use and Feed Code of September 1, 2005(LFGB), Section 30 and 31 with amendments, European Commission Regulation(EU)No. 10/2011 with amendments and BFR recommendations.

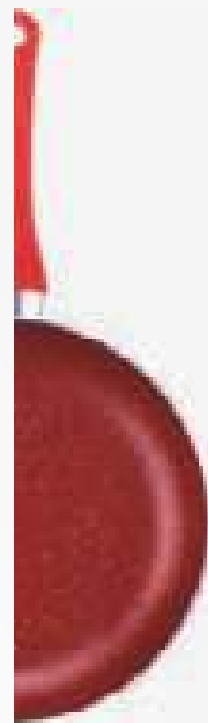

Taking care of non-stick pans:

- Never leave non-stick pans unattended on an open flame for long
- Do not overheat the pans or allow oil to burn inside
- Do not use metal tools in them. Use a good quality silicone ladle or spatula only
- Wash non-stick cookware by hand using non-abrasive cleaners and sponges (do not use steel wool)
- Do not stack non-stick cookware on top of each other without protectors

META TUFF

HEALTHY NON-STICK
PFOA, HEAVY METAL & NICKEL FREE

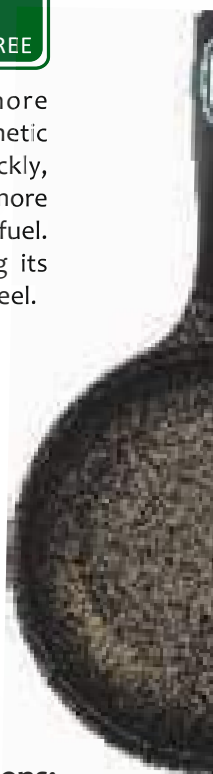

METATUFF, the proprietary coating from Wonderchef, is a unique non-stick coating that enables you to cook with no or low oil. It is the secret of healthy living. This coating is free from PFOA, heavy metals and harmful chemicals. It is eco-friendly and due to its high thermal stability, it guarantees absolute food safety. Meta Tuff has been formulated to have high abrasion resistance which enhances the durability and longevity of your non-stick pans.

META TUFF PRO

HEALTHY NON-STICK
PFOA, HEAVY METAL & NICKEL FREE

METATUFF PRO is an advanced version of METATUFF PLUS coating with higher number of ferro-magnetic particles that offer high abrasion resistance, enhanced durability and better non-stick performance.

Die-cast Cookware

Die-Cast pans have beautiful shapes, in-built handles that never become loose, and a body that never gets deformed. Die-cast cookware is considered to be premium since it is more complex to fabricate and has unique properties. The process of die-casting creates special molecular structures giving extra strength to the body.

Die-cast pans also have better retention of heat and hold non-stick coating more firmly. Discover the secrets of slow cooking and exceptional heat conductivity with Wonderchef Die-cast Range.

Pressed & Forged Cookware

Wonderchef Pressed & Forged Cookware is crafted out of cold rolled sheets of 99.9% pure grade Virgin aluminium. Metal circles are cut, moulded to perfection & converted to non-stick pans in beautiful colors and designs.

It is critical that the quality of aluminium is virgin, i.e. it should be 99.9% pure aluminium. Recycled aluminium has impurities and traces of heavy metals which are used for its extraction. These metals are harmful for health, and the chemical impurities cause non-stick coating to bubble up, shrivel and get spoilt.

Wonderchef pans are made using only the very best virgin aluminium. They come with proprietary Meta Tuff coating and specially moulded soft-touch handles for ergonomic ease. Wonderchef non-stick coating is free from PFOA and other harmful substances. It is applied using robotic processes for even distribution, and baked at high temperatures for a longer period of time than normal pans. This ensures its durability and long-lasting performance so that you can enjoy years of hassle-free no-oil and low-oil healthy cooking.

Bella

PORCELAIN CASSEROLE

Porcelain is made from the purest form of clay called Kaolin. Clay is alkaline in nature and helps in maintaining the pH balance of food by neutralizing unwanted acids present in the food. Porcelain pot is good for slow cooking as it allows both moisture and heat to circulate easily through it. This casserole is made from 100% natural minerals and contains no chemicals or heavy metals. Enjoy healthy cooking every day.

- Stylish & sophisticated, Bella Porcelain Casserole is a statement of class and awareness of a homemaker
- Porcelain permeates heat uniformly to enable old style slow cooking, thus making the food tender and delicious
- The casserole is baked at a very high temperature to make it durable and heat resistant. It can be used on Gas as well as in an OTG (without lid). Take care of it and it will take care of you
- The smooth and resistant surface does not absorb grease, odour or bacteria and will not alter the taste of food
- A quick wipe with a dish washing sponge & detergent makes it squeaky clean
- This Bella Porcelain Casserole is a smart cook & serve pan and comes in a vibrant color with stylish design
- It looks perfect in the kitchen & elegant on the dining table
- A reflection of classic style, this multi-use casserole is a favorite gifting choice of our customers
- Wonderchef products are inspired by Italian Design and adhere to German Quality Standards.

Stainless Steel Cookware

Wonderchef stainless steel cookware is made only from 304 quality stainless steel which is anti-rust and of highest 18/10 grade. These steel pans last you forever and carry a warranty of 25 years against rusting, cracking or material defect.

Steel is a poor conductor of heat. To overcome this, Wonderchef pans are made in 3-ply steel or have 3-ply bottom wherein a layer of high-conductivity aluminium is sandwiched between the steel layers, providing a great cooking performance. This prevents your food from burning and protects vitamins and minerals in your food.

Milk Boiler

NEVER SPILL MILK

with unique whistle indicator

Made from double wall stainless steel, Milk Pan is crafted for everyday use. Boil milk without fear of spilling on gas, induction or hot plate. Use for storing milk in refrigerator.

Start your day with Wonderchef Milk Pan. Boil milk everyday without fear of spilling. No need to keep standing next to stove waiting for milk to boil. As soon as the milk boils, a loud whistle indicates that the milk is ready. There is no risk of milk boiling over even if you get delayed in turning off the gas once the whistle begins blowing. Wonderchef products are inspired by Italian Design and adhere to German Quality Standards. They are covered by a Reliable Wonderchef Warranty, T&C apply

Double wall stainless steel construction

Cool touch bakelite handle

Easy storage in refrigerator and single hand operation

Proper pouring due to curved edge

Loud whistle indicator on boiling

Lid with cool - touch knob

2 Litres | ₹2,000

Pressure Cookers

Pressure cooked food retains more nutrition value than boiling and steaming. Not only because the cooking time is shorter, but also, it is able to trap the nutrients from escaping through the steam. The key to tasty dishes prepared in a pressure cooker lies in the sealed environment. This prevents the loss of flavour and moisture in evaporation.

Wonderchef Pressure Cookers are perfectly engineered so that you do not have to worry about your safety or handling. They are more advanced, reliable and safe to use than traditional pressure cookers. Pressure release valves and gasket release system are a couple of features that offer enhanced safety.

Health Guard Pressure Cookers

Choose World's Healthiest Pressure Cooker with easy clean German non-stick coating. Enjoy low-oil, healthy cooking.

Naked Aluminium reacts with food to create toxic oxides & chemicals. Non-stick coating prevents this aluminium toxication.

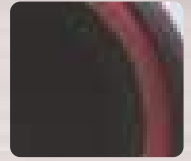

World's First pressure cooker with non-stick coating

- Finest non-stick coating from Greblon, Germany enables low oil cooking
- PTFE outer coating makes it easy to clean & maintain
- Soft touch handles and stainless steel lid
- Dual safety valve for extra safety
- Long lasting Nitrile gasket
- Induction compatible
- Colourful & Stylish
- Reliable Wonderchef Warranty, T&C Apply

Nutri-blend

India's favorite Mixer-Grinder

This all-purpose Mixer-Grinder extracts every drop of immunity-enhancing anti-oxidants, pain relieving omega 3s, proteins, vitamins & minerals from your food and delivers it in the most digestible form.

Stay fit by getting the most out of the food you consume. Wonderchef Nutri-blend gives you nutrient-rich and easily absorbable food which is essential for your body.

- 400W super-fast motor blends and grinds in seconds

- Comes with 2 jars (Blending Jar- 500ml & Grinding Jar- 300ml) with 2 separate blades

- **Perfect for grinding the hardest spices & making best chutneys**

- Steady and safe to use with non-skid rubber footing

- All parts are detachable and easy to clean (additional lid & seasoning cap provided)

- Wonderchef products are inspired by Italian Design and adhere to German Standards. They are covered by a Reliable Wonderchef Warranty, T&C apply

I use Nutri-blend everyday to stay healthy and fit.

Nutri-blend CKM Complete Kitchen Machine

India's favorite Mixer-Grinder

This Complete Kitchen Machine offers all-in-one solution and performs four functions - those of a mixer, grinder, juicer and chopper. Instead of many separate appliances, you now need only one. The 400W superfast motor blends, grinds, juices and chops in seconds. Motor unit is very steady and safe to use. Non-skid rubber footing stabilises the base. All parts are detachable & easy to clean.

Juicer attachment is a new addition to Nutri-blend with the 3 original jars. It allows you to extract fruit and vegetable juices.

You can use the big mixer jar without the juicer attachment as well, to make super blends, mixes, purees, shakes & smoothies.

The chopper attachment quickly chops onion, garlic, vegetables, fruits, nuts, cheese and much more. It includes a chopper blade, bowl and a lid for the chopper bowl.

Stay fit by getting the most out of the food you consume Wonderchef Nutri-blend gives you nutrient-rich and easily absorbable food which is essential for your body.

- 400W super-fast motor blends and grinds in seconds - Comes with 2 interchangeable jars (Long Jar- 500ml & Short Jar- 300ml) and 2 separate blades (Grinding Blade & Blending Blade) apt for grinding the hardest spices like garam masala, cumin seeds, etc.

- Wonderchef products are inspired by Italian Design and adhere to German Quality Standards. They are covered by a Reliable Wonderchef Warranty, T&C apply

1
YEAR
WARRANTY
on Body

High Speed Juicer Stratified Juice	v/s	Cold Press Juicer Wholesome Juice
Enzymes get killed due to heat generated at high-speed. Fruit juice suffers stratification due to oxidation caused by thrashing of cellular walls		Enzymes remain protected due to cold-press operation at slow speed. Cell walls remain intact in their natural state, so juice is unstratified and wholesome
		
Thin juice devoid of fibre All essential fibre is thrown away as residue, leaving all the goodness out		Juice with essential fibre The juice is healthier, tastier since all essential fibre is extracted in the juice

Amazing health benefits

Copper is an essential trace mineral that is vital to human health. It has anti-microbial, anti-oxidant, anti-carcinogenic and anti-inflammatory properties.

As per Ayurveda, water stored in a copper vessel has the ability to balance all three dosha in your body - vata, kapha, pitta - by positively charging the water. The water stored in a copper vessel is known as 'Tamra Jal'. This water may be consumed after storing it in the vessel overnight for 8 hours.

Storing water in a copper vessel creates a natural purification process. It can kill all the micro-organisms, fungi, algae and bacteria present in the water that could be harmful to the body, and makes the water perfectly fit for drinking.

Mason Jar Set
